

California Fair Elections Act

Elections Should Be Won, Not Bought

On the ballot in November!

The California Fair Elections Act will repeal the ban on public funding of campaigns and require public funded candidates to abide by expenditure limits and meet strict criteria to qualify.

- **Stop billionaires from buying elections.** Empower voters to elect candidates with the best ideas.
- **Open up the political process** so we can elect those who are the most able, *not just the wealthy.*

California Fair Elections Act

Elections Should Be Won, Not Bought

On the ballot in November!

Repeals ban on public funding of campaigns in California so any city, county, or the state can pass public financing to empower voters and let candidates compete against billionaires.

"What it allows is the amplification of the voice of ordinary New Yorkers, as opposed to the billionaires who have grown used to buying our elections."

New York Mayor Zohran Mamdani
Elected using New York City's public financing system

"The California Fair Elections Act gives voters the chance to move toward elections where candidates listen to voters instead of chasing money."

Jenny Farrell, Executive Director
League of Women Voters of California

Sponsored by California Clean Money Action Fund, California Common Cause, and League of Women Voters of California.

Paid for by Californians for Fair Elections,
a coalition of government reform advocates.
