Prop 4 Support & Kickoff Cosponsor Form for Local Organizations

Big Money is corrupting politics. Since 2020, over $1 billion has been spent on California state candidates alone — buying access for wealthy interests while drowning out everyone else.

Five charter cities have public financing systems that amplify the voices of everyday voters and allow candidates to compete without relying on wealthy donors. But unlike every other state, California bans every jurisdiction other than charter cities from passing public financing.

Proposition 4, the California Fair Elections Act, repeals the ban and gives every city, county, and the state the option to adopt public financing, with strict taxpayer safeguards, including requiring candidates to abide by expenditure limits and meet strict criteria to qualify.
